(Changes are in *bold, underlined and italicized text* below to enable vendors to quickly recognize changes in paragraphs and/or wording.)

On June 7, 2024, the New Hampshire Department of Health and Human Services published a Request for Proposal, to solicit proposals for a System Integrator (SI) to support the integration of multiple modules and to serve as the hub for data traffic between and among the component modules across the State’s Medicaid Enterprise Solutions. The SI will support the State’s initiatives to implement the Centers for Medicare and Medicaid Services (CMS) modularity initiatives at an enterprise level. Upon the completion of this project, all modules, coordinated and supported by the SI will be fully implemented and final CS certification will be achieved.
